Curious about Numerology?

Then find out what the numbers mean and how to use them in a safe and friendly environment.

What can Numerology do?

Properly used, the numbers give help and guidance.

Numerology can be used for **decision making, guidance in financial matters, relationships, house buying, selling or moving, looking for work, changing jobs or careers.**

The numbers give us information about the past present and future of a situation to expand and deepen our understanding.

They awaken us to future possibilities but action is required to make these possibilities a reality.

What Numerology does not do?

The numbers do not take away your free will. Your future depends on your actions.

The Course:

This is a 1 day course and it starts by learning what the letters in your name add up to. What your **Birth Force** is, your **Destiny**, your **Heart Desire**, your **Personality**, and your **Ultimate Goal** and what all this means.

We will cover **House numbers, Personal years, Life Cycles ,Grids and Pinnacles.**
