Curious about the Runes?

Then find out what they mean and how to use them in a safe and friendly environment.

What can Runes do?

Properly used, the runes give us help and guidance.

Runes can be used for decision making and guidance in financial matters, relationships, house buying, selling or moving, looking for work, changing jobs or careers.

The Runes give us information about the past present and future of a situation to expand and deepen our understanding.

They awaken us to future possibilities but action is required to make these possibilities a reality.

What Runes do not do?

The Runes do not take away your free will. Your future depends on your actions.

The Course:

The course starts by learning the 24 Runes in eight easy stages, with a new spread each time. It ends by bringing all the Runes together to do a full reading.

This is a practical course and you will be using the Runes to do readings throughout the course.

Learn the Runes in a relaxed friendly environment

With the guidance and knowledge from Anne.
