**What can Tarot do?**

Properly used, the cards give help and guidance. Tarot can be used for decision making and guidance in financial matters, relationships, house buying, selling or moving, looking for work, changing jobs or careers.

The cards give us information about the past present and future of a situation to expand and deepen our understanding.

They awaken us to future possibilities but action is required to make these possibilities a reality.

**What Tarot does not do?**

The Tarot cards do not take away your free will. Your future depends on your actions.

**Worried about the death card?**

This card does not mean physical death but points to the ending of a situation leaving the way clear for new beginnings.

**The Course:**

The course starts by learning the 22 Major Arcana cards in three easy stages, followed by the four suites of the Minor Arcana, wands, cups, pentacles, and swords and the Mythological Story behind each card. It ends by bringing all the cards together to do a full Celtic cross reading.

This is a practical course and you will be using the cards to do readings throughout the course.

Learn the cards in a relaxed friendly environment

**Continued**

You will learn 3 different spreads of the cards, the simple Star spread , the more powerful Celtic Cross. and a quick 3 card reading.
